ADDENDUM B

FIRMS MUST ACKNOWLEDGE RECEIPT OF THIS ADDENDUM WITH YOUR PROPOSAL

Advanced Metering Infrastructure

Supplemental Information

June 22, 2011

1. PURPOSE

This Addendum B supplements, modifies, deletes from, or adds to the original Request for Proposal (RFP) noted above and all of the requirements of the addendum are herein made a part of the RFP and any resulting contract documents.

2. DUE DATE CHANGE

The due date has been extended. All responses for RFP 2011-002-250, Advanced Metering Infrastructure are due no later than Friday, July 8, 2011, by 3:00PM (Eastern Time).

**3. CLARIFICATIONS TO RESPONSES IN ADDENDUM A
Addendum A, Section 2 Revisions, Z.**

Loudoun Water is requiring a Virginia Class A contractor's license. The classification or specialty (not to be confused with license class) defines the scope of practice that may be performed by the licensed contractor. In conformance with the Commonwealth of Virginia, Department of Professional and Occupational Regulations, "Contractor licenses consist of two parts, the class of the license, which determines what, if any restrictions are placed on the size of contracts/projects that may be performed and the classification/specialty, which determines what type of work the licensed contractor is allowed to perform." Please refer to the Commonwealth of Virginia, Department of Professional and Occupational Regulations website, <http://www.dpor.virginia.gov/dporweb/boards.cfm> for contractor licensing information.

Addendum A, Section 3, Responses to Questions, LLL.

Loudoun Water will pay for the development of one interface – for the MDM system. Any additional interfaces will be the responsibility of the vendor.

4. SUPPLEMENTAL INFORMATION

Attachment: Meter Listing located on the FTP extranet.
