

INVITATION FOR BID

May 25, 2011

West Water Reuse Main

Project ID: 20100070, 20110042, 20110034

ADDENDUM NO. 2

June 14, 2011

IFB # 2011-013-210

1 PURPOSE

The purpose of the addendum is to:

Extend the bid due date to **June 27, 2011** as per section 00100 of the Invitation For Bid.

To provide additional information that would prove beneficial to assist candidates in preparing their bids. The addendum offers answers to questions that were addressed during the pre-proposal conference on June 1, 2011 and subsequent questions.

2 RESPONSES TO QUESTIONS

The following changes, additions, clarifications and drawings are hereby made part of the Contract Documents for the above referenced project and shall be taken into account in the preparation of all bids and the execution of all work. Bidders shall acknowledge receipt of this addendum in the appropriate space on the Bid Form.

SPECIFICATIONS

Make the following additions, deletions or other changes to the Contract Documents:

1. Section 00100 – Invitation to Bid
REPLACE “June 9” **WITH** “June 27”.
2. Section 00410 – Bid Form
REPLACE the existing bid form **WITH** the attached bid form.
3. Section 00550 – Notice to Proceed
REPLACE “335” **WITH** “200”.

4. Section 00550 – Notice to Proceed
REPLACE “365” **WITH** “230”.
5. Section 01140 – Special Project Conditions
In Part 1, Article J, **REPLACE** “The proposed reuse water main is to be PVC pipe generally within the Loudoun Water property. All water main outside of the Loudoun Water Property shall be ductile iron pipe (DIP)” **WITH** ““The proposed reuse water main is to be PVC pipe generally within the Loudoun Water property and for Phase 3 work within the VDOT right of way. All water main, outside of Loudoun Water property, on private property shall be ductile iron pipe (DIP)””.
6. Section 01140 – Special Project Conditions
In Part 1, **ADD** “O. Coordination with Redskins Park
 1. Contractor shall coordinate with Redskins Park on the schedule for work on Redskins Park property such that it will not impact training camp or annual fan day.”
7. Section 02315 – Excavating, Backfilling, and Compacting
In Article 3.04 A.1.d, **REPLACE** “57” **WITH** “#68”.
8. Section 02315 – Excavating, Backfilling, and Compacting
In Article 3.05 A.2, **REPLACE** “57” **WITH** “#68”.
9. Section 02700 – Paving and Surfacing
Crushed concrete may be used in lieu of 21A, contingent on VDOT approval.

PLANS

Make the following additions, deletions or other changes to the Contract Documents:

1. On Sheet 12 of 18, on the “Restrained Fittings- West Water Reuse Main” table, the following clarification is given for the “Remarks” column. In reference to the remark, “Use Min of 65’ per G-11, the 65’ minimum per G-11 only applies to vertical bends, which are depicted on the profiles. For the remaining fittings, the “Restrained Length” column is to be used as the minimum.
2. Make the changes noted on the attached sheets and as described in the narrative below:

Generally the alignment along PIN 060-30-7119 and 060-48-1813 has been shifted closer to the right of way.

This will require working close to existing overhead electrical poles. Some of these poles have guy wires which may need to be temporarily removed for construction. If the guy wires must be temporarily removed for construction, the contractor shall provide support of these poles until the guy wires are put back in place.

The alignment along PIN 060-48-5060 continues along the trail until just beyond the existing sanitary sewer, at which point the alignment shift into the existing pavement of Smith Switch Road (Phase 3).

Phase 3 will be open cut and require a full milling (both existing lanes) and pavement overlay as described in section 02700 of the specifications. All work in the right of way shall adhere to all VDOT requirements, and be included in the lump sum bid price as described in 01200 of the specifications.

ACKNOWLEDGEMENT OF RECEIPT OF SUPPLEMENTAL INFORMATION

Please acknowledge receipt of this Supplemental Information to IFB No. 2011-013-210 by including this acknowledgement on the cover of the sealed container. See example below.
