

# Loudoun Water 2022 Reimbursement Costs

## Water Line Table

| Pipe Diameter (IN) | Material Cost per LF |
|--------------------|----------------------|
| 8                  | \$86                 |
| 10                 | \$104                |
| 12                 | \$131                |
| 16                 | \$206                |
| 20                 | \$285                |
| 24                 | \$370                |
| 30                 | \$559                |
| 36                 | \$805                |

## Sanitary Sewer Table

| Pipe Diameter (IN) | Material Cost per LF |
|--------------------|----------------------|
| 8                  | \$114                |
| 10                 | \$131                |
| 12                 | \$150                |
| 16                 | \$204                |
| 20                 | \$267                |
| 24                 | \$345                |

### **NOTES:**

1.) Water line costs include stone, pipe material, and averaging 1 fitting per 60 feet of pipe.

2.) Sanitary sewer costs include stone, pipe material, and averaging 1 manhole per 135 feet of pipe. Manholes estimated at 12 feet of cover.

3.) Prices include 6% VA state and local tax.
