

ABOUT THE MONUMENT

By setting a strategic course for long-term success and sustainability, Dale's visionary leadership will be his legacy at Loudoun Water. A humble collaborator, he empowered employees to grow and develop, and he established and curated long-lasting partnerships.

One of those foundational partnerships is that with Luck Stone. For many years, Loudoun Water and Luck Stone have been planning and building a long-term water supply program, utilizing retired quarries as future water storage reservoirs. This shared vision is a shining example of a public-private partnership that will benefit our community for generations.

To represent that strong partnership, Dale's plaque memorializing the dedication of Loudoun Water's Dale C. Hammes Administration Building is mounted on a "rock" from Luck Stone's North Pit Quarry (Quarry A). It is a testament to Dale's inspired vision to ensure water supply for the region for decades.

DALE C. HAMMES ADMINISTRATION BUILDING NAMING CEREMONY

MAY 11, 2018

December 14, 2017

RESOLUTION OF APPRECIATION FOR DALE C. HAMMES

WHEREAS Dale C. Hammes graciously returned as General Manager of Loudoun Water in February 2015;

WHEREAS Mr. Hammes has consistently responded to challenges with ingenuity, imagination, and foresight;

WHEREAS Mr. Hammes has earned the full admiration and respect of his colleagues for his dedication, collegiality, enthusiasm, and guidance;

WHEREAS Mr. Hammes has shown commitment, fairness, willingness, and ability to understand and respond to the concerns of our customers;

WHEREAS Mr. Hammes has been an advocate for collaboration among communities, government bodies, agencies, institutions, associations, businesses and other organizations;

WHEREAS through Mr. Hammes' tireless leadership, the size, scope, and the impact of the Authority has grown substantially;

BE IT RESOLVED that enormous gratitude and appreciation are expressed to Dale C. Hammes for his loyalty and forty years of service to Loudoun Water.

BE IT FURTHER RESOLVED that the Board of Directors of Loudoun Water hereby designates the Administration Building located in Ashburn, Virginia to be known now and hereafter as The Dale C. Hammes Administration Building.
