

Easement Deferral Request Form

This form is required for any instance where an on-site easement deferral is requested or in a special circumstance where an easement deferral has been previously discussed with Loudoun Water. Please ensure that you have read the requirements for deferral request [Guide to Easements | loudounwater.org](http://loudounwater.org), as no deferral requests will be granted for those that do not meet the requirements noted. Applicant is encouraged to talk with the Loudoun Water project engineer about the deferral prior to submitting.

Loudoun Water Project Number:

Project Name:

Project Type:

Residential

Non-Residential

Easement Deferral:

Onsite

Other

Note: Deferral may be considered for onsite easements only when no other properties outside of the developer's ownership and control are impacted.
