DATE: April 4, 2017

SUBJECT: UPDATE TO: Fire Services Connected to Loudoun Water's Distribution Systems
Site Plan Review and Inspection of Installations

As an update to the previously published April 4, 2016 *Memorandum to the Industry*, in regards to the "Fire Services Connected to Loudoun Water's Distribution Systems - Site Plan Review and Inspection of Installations", Loudoun Water (LW) will transition the underground fire service review, inspections and testing to Loudoun County Building and Development **effective immediately** for **ALL** projects, regardless of when the LW Construction Permit was issued. LW will continue to inspect services only interior to LW's easement or the public right-of-way.

Any questions can be directed to The Fire Protection Program Manager or Chief Fire Protection Inspector at Loudoun County Building and Development at 703-777-0220.
